I want to impregnate a pony several times and care for her each time as she carries my foals so damn badly. I'd want her to sit on my face, turned towards me, so the only thing I see are her belly and our foal's entrance into the world. I don't know if anything would bring me as much joy as raising our beautiful family would.

I've tried to post at least five times and it won't let me post my fucking image:

Since no one else answered you seriously and I got nothing better to do... man I hope (You)s still work after the rolling sticky deletes your post.

I'd recommend simply watching the first season of the show to begin with, at least up until Winter Wrap Up. If you don't like it by then, you probably never will. They're still on Netflix, but you can also download them at: [yp1 \(dot\) yayponies \(dot\) no \(slash\) videos \(slash\) episodes \(dot\) php](#)

If you DO like it, come to /mlp/ and lurk for a while. Check out MLP General for memes and shit (as expected). A lot of people have EXTREMELY strong opinions about some episodes, but try not to let them give you preconceived opinions as you go forward - I've liked plenty of things other people hate, and hated plenty of things other people love. It's 4chan, so as expected some autists will screech very loud about the things they don't like, ignoring the possibility that others may like it.

For artwork Derpibooru.org is pretty much the best place, they have a fantastic tagging system which you can filter as much or little as you want.

Then you can check out Anonymous in Equestria or AiE for some greentext stories (there's lots of sub-genres that split off and made their own thread that are still very popular - Ponies in Equestria, Technology is Magic, Reverse Gender Roles Equestria, Slave Pony General, Flutterape, Princess Applejack... etc - but AiE is a good place to start.)

And have fun! We're all here to enjoy ourselves and escape from the garbage that is our human world. Pony porn is obviously popular but porn isn't the central tenant at the core of our entire philosophy (like it is for furies) it's just a bonus on the side. Our love of these adorable ponies and their cleaner/nicer world is what unites us.

beating your meat to pony porn is like taking a nice chill drive in a new direction.

You didn't have anything to do that day so you popped in your favorite cd, turned the AC on and drove on some quiet roads. No other cars in sight, and you just drive through the DIRTIEST fucking town, clearly stuck in 1958.  
It's a new place, and it's a gross place, and you just hate everything about this town you swear you'll NEVER live in, but god damn do you love everything about the experience. Take a drive, anon. Hate-bate until your dick hurts so good. Nobody is around to judge you.

I think biggest issue is, you got lil Timmy that thinks his prompt is so special it needs it's own thread, despite falling under AiE, so you get like 30 dead as hell threads because they're so stretched out, then you got the futa thread, and homo thread that are just aids, especially the homo thread. Like, it legit has a Discord with donations and some fat retard that interviews you to see how gay you are. That shit needs a full ip wipe.

You can like large crotchboobs if you want but that anon was saying you're not a "horsefucker" if you don't like them, and I was correcting him because these boobs have nothing to do with horsefucking. Horses have flat crotchboobs. Ponies can have whatever you want, but your preferences can't define horsefucking.

I wait for a bit and some dude with Shining Armor as his pfp joins and starts asking questions, but you can hear how fat he is because he keeps breathing heavy as fuck when a long question comes up. >Ponyville High, the last educational destination in this small town just south of Canterlot.  
>The first day of a new semester sees the influx of many new students, the halls crowded with half lost freshcolts and fillies closer to being mares than blank flanks.  
>A young white unicorn moved through the crowd, lavender mane stylishly coiffed, a crystal bell showing on her sleek hips.  
>It had been years since Sweetie Belle got her mark, the sonorous tones of her voice ringing out toward the heavens.  
"Going to be late, the first day and I'm going to be late."  
>She looked frantically at room numbers as she hurried through the hall. Then she spots a side hall branching off.  
Of course they hid it...  
>The tardy bell rang as Sweetie rounded the corner at a brisk trot.  
Damn.  
>Room numbers passed in a blur.  
401,402,403...finally, 404.  
>Sweetie paused for a moment to catch her breath, and then opened the door with a pale green glow from her horn.  
>Heads turned, but not many. The room was about 1/3 empty and it was obvious other ponies hadn't found it yet either.  
>The mare at the front of the room nodded at Sweetie Belle.  
"Take any seat, rooms in the side halls always take half the first period to fill anyway."  
>Sweetie moved to the rear of the classroom, searching faces as she navigated the desks.  
>None of her friends from Ponyville Middle were there. She already knew Applebloom and Scootaloo had Chemistry first period.  
>Sweetie mumbled to herself  
Why did I get stuck with Magical Theory so early?

>She dropped her saddlebags next to a desk and sat, the old wooden seat hard against her rump.

Desks must be older than I am.

>The next few minutes were filled with a handful of latecomers, still no familiar faces, until the instructor cleared her throat.

“Ok everypony, it seems we’re full up, let’s take a roll call.”

>Just as the words took effect on the class the door opened once more. Sweetie glanced at the desk next to her, the only empty one left.

>A pink filly moved into the room, wavy lavender mane highlighted with a white streak. She gazed around the room imperiously.

>Sweetie Belle groaned, she hadn’t seen Diamond Tiara since leaving primary school 3 years before, but that look on the pink filly said she hadn’t changed one bit.

>The instructor motioned toward the empty desk.

“Take your seat miss.”

>Diamond Tiara held her head high and trotted through the class, casually ignoring the looks of the colts as she passed, until her shining blue eyes locked onto Sweetie Belle.

>A slight grin appeared on her face as she took a seat, her tail made a perfect arc during the turn.

“Hello Sweetie Belle, it’s been ages, hasn’t it?”

>The instructor’s roll call saved Sweetie from having to reply.

>Magical Theory, a deadly boring subject, first thing in the morning.

>A classroom buried in the most awkwardly located hall in the oldest wing of the school.

>And Diamond Tiara, queen of the playground, back again, as if the ruin she brought to Sweetie's childhood wasn't enough.  
"Alright then everypony, grab a textbook from the shelves and fill out the lender log. I will not have time to start lessons today; however the pages on the board are your first reading assignment. We will discuss tomorrow."  
>Sweetie Belle quickly grabbed a book and dashed for the exit, reaching it just as Diamond Tiara did.  
>The pink filly's rump bumped Sweetie as DT passed, knocking her off balance.  
"Watch it clutz, someponies have places to be."  
>Diamond glanced back once before she rounded the corner into the main hall, her blue eyes lingering on Sweetie Belle, the same small grin from the start of the period turning up the corners of her mouth.  
She's going to be able to ruin every day before they even have a chance to be good.  
>Sweetie heaved a sigh and began to make her way to the next class.  
>History, Chemistry, then lunch and her first chance to talk with Applebloom and Scoots.  
>The morning passed slowly, but uneventfully.  
>Ponies fill the halls and then vanish in regular intervals. The familiar beat of activity every school has.  
>Lunch. The cafeteria hummed with a thousand separate conversations creating one sound.  
>Sweetie Belle searched the crowd, a tray of food following her on a glowing cloud of energy from her horn.

"Looking for your friends Sweetie? It must be hard to find a cripple and a farmhand here."  
>Sweetie Belle turned to face Diamond Tiara, her eyes glaring daggers.

"Leave me alone Diamond, you can go be a bitch someplace else I am sure. I've had more than enough of your childishness already."  
>DT grinned at the remark, then moved in close to Sweeties face, her muzzle brushing past, her blue eyes intense  
"Fine, I do have better ponies to talk to, enjoy your first day at being second tier, Sweetie."  
>As Diamond walked away her tail flicked, knocking Sweetie Belles tray off the magic holding it aloft.  
"Oops."  
>DT turned her head to smirk, then continued walking, flicking her tail again, upwards slightly.  
That insufferable whorse.  
>Sweetie moved to clear up the mess when she heard a familiar voice.  
"Ah see that Diamond Tiara ain't changed a whole lot."  
>Applebloom watched the pink filly join a crowd of ponies chatting away, and then helped Sweetie with the food tray.  
"You seen Scootaloo yet?"  
>Sweetie didn't have time to reply, the quick paced clatter of hooves announcing a pony's arrival.  
"Of course she's seen me; we've been friends for ages."  
>Scootaloo beamed at the other two fillies.  
"Are we going to stand here or get moving? I want a bench, pronto."  
>The trio made their way to a table, and Sweetie recounted the day's events.  
"...and that's when she knocks my lunch all over the floor. How can she still be like this?"  
>Applebloom rolled her eyes and snorted.  
"AJ always said some ponies are just better off being ignored, I reckon DT will be one of them ponies her whole life."  
>The clock looming over the room ticked on.  
"2 minutes till lunch is over."  
>Sweetie bade farewell to her friends. Her gaze lingering on their flanks as they left for the next period.  
>Applebloom's family heritage was strong, a small green fruit and pink tinted flower.  
>Scootaloo's mark came last, a single flaming feather, her wings never did get her off the ground, but they made her the fastest thing on the ground by far.

>They weren't looking for the marks anymore, but that didn't mean they weren't still crusading for something, friendship never stops evolving.

>Sweetie's thoughts occupied her until she reached her next class, and the one after that.

>Afternoon, final period, Chorus.

>Sweetie Belle was a natural, a rich, clear contralto despite her slight frame.

>She entered the choir room cheerfully, only to have the feeling turn to acid in her stomach.

>Diamond Tiara sat in the room, opposite the door, She met Sweetie's gaze and held it for a moment before rummaging in her bags.

**No, not here, this was supposed to be fun.**

>Sweetie Belle slumped onto a stool in defeat.

>The class itself was uneventful. Interaction between students wasn't really an option due to the instructor sorting out the experienced singers from the ponies just looking for an easy elective class, and then sorting the singers out by range.

>Since Sweetie and Diamond were at opposite ends of the range spectrum they were nowhere near each other by the time the seating chart was set.

>Final bell. Dismissal time and chaos as everypony clattered towards their lockers, then the exits.

>Sweetie Belle trotted slowly, her locker was in the old wing of the school, great for getting her books for the early classes, but it meant a long walk at the end of the day, then a long walk back to get on the right path home.

>Books she wouldn't need went in the locker, the magical theory textbook went into her bag, and Sweetie turned to head home.

**"Moving pretty slow there, does Scoot suck up all the fast?"**

>Sweetie looked up at Diamond, sighed, and then just walked past her.

**"Hey I'm talking to you, you could at least respond."**

>DT matched Sweetie's pace, her tail quickly flicking from side to side.

>Sweetie didn't stop or bother to say anything; Diamond was just going to have to find some other filly to pester.

**"I said 'I am talking to you.!'"**

>DT got in front of Sweetie and then pushed her back.

"What do you want from me Diamond, hatred, rage? Well guess what, I'm too tired to care anymore."

>Sweetie forced herself past the pink pony, only to find herself being shoved against the lockers.

"Don't ignore me!"

>Sweetie started to shout back, then really looked at DT, she seemed to be on the verge of tears.

"Don't ignore me. Everypony ignores me now, not you."

>DT's hooves were up against the wall on either side of Sweetie, her face close, breathing raggedly.

"Middle school was hell for me, no friends; Silver Spoon stopped talking to me. I was alone for three years."

>Sweetie Belle interrupted.

"And what? You saw me and thought, oh look my old punching bag; I can take it out on her."

"No, no I just...I just wanted something back."

>Diamond Tiara looked confused for a moment.

"I guess I was glad to see you again, something could be the way it used to be."

>DT's tail flicked again, her breath coming deeper.

"You've changed Sweetie Belle...I, well I guess I haven't, have i?"

>Sweetie looked back at Diamond; there was something strange about the way she was behaving.

"Look Diamond, I've got no reason to hate you. You were an immature brat and we can leave it at that and not speak to each other again."

>DT looked hurt by this. She fidgeted and her tail began flicking with more force.

"All right then, if you think that's best, but can I ask you something first?"

>Sweetie paused for a moment.

"Have you ever had a colt friend?"

>Sweetie wasn't expecting that, such a strange question, but then she started to think about the way DT had been acting.

"Diamond I don't think that's really any of your business. I'm leaving now."

>But before Sweetie could move DT had pushed up against her, the pink pony's muzzle found Sweetie's, their lips locked. Diamond lingered there for a moment before Sweetie pulled away.

I almost figured, but I'm glad it's treated you so well. sorry for mods being fags so many years ago.

also, really /mlp/ and /o/ (sometimes) are my home boards. I know /diy/ is really interesting and helpful from a friend of mine, being as there's always somebody

building something there.

I think what it was for me is that I never really say 4chan as anything other than a place to scream at another or post porn. when I browsed /mlp/ for the first time, seeing all the content going on in every thread.. it really felt like I'd come home to some place I didn't even know existed yet.

the people, the greens, the history, everything about it just screamed what I needed. it's inspired me to work on my own stuff too, so, I dunno. I just hope that other people can find the same feeling I did at one point.

sorry for my gayass blogposting, but yeah, it looks like you've already found something like that, so I'm happy for ya.

>DT sighed.

"I'm sorry Sweetie..."

>It sounded as if she was apologizing for years of wrongs, that she truly was ashamed.

>Sweetie Belle couldn't respond. The shock of the apology was just as great as the

shock of the kiss.

"Diamond I think that maybe you should just go now."

>DT looked like she was going to say something, but she just nodded and walked away.

>Sweetie Belle's thoughts raced as she followed the path home. Why had Diamond finally apologized, she had had years to make the effort, and hadn't bothered.

>There was the kiss too, and the question about coltfriends.

>Sweetie felt odd, she had never really thought about boys, and now she couldn't stop thinking about Diamond.

>Her head was full of confusion all evening, making the magical theory reading assignment that much more difficult.

>Finally she collapsed into bed and let sleep rush over her.

>Troubled dreams in the night, Sweetie tossed in bed, her mind back in primary school.

>Diamond Tiara laughing, Silver Spoon playing backup as always.  
>Diamond forcing her way whenever she felt like it.  
>Diamond in the hallway, sliding her tongue into Sweeties mouth.  
>Sweetie Belle woke with a gasp and shudder; the morning light had just started to brighten the sky.  
>Sweetie crawled out of bed; she was wet between her hind legs.  
Oh Celestia, did I just have a wet dream about that bitch?  
>Sweetie took a quick shower and grabbed her school things.  
>The morning rush wasn't as bad that day, students already had the routine down pat.  
>Sweetie said a quick hello to Applebloom and Scoots on the way to first period.  
>The old wing of the school had been built before her parents day, all wood construction. It had a pine scent that was pleasant and soothing, but Sweetie was still on edge, she and Diamond would be right next to each other all period.  
>Sweetie took her seat in the rear of the class; the crowd of desks obscured the front of the room.

>Diamond Tiara was almost late, the last student to enter the room.

>She sat down silently, not looking in Sweetie's direction.

>Class was predictably boring. Nobody paid attention to the instructors lecture, their vacant gazes going unnoticed.

>Sweetie turned her head to sneeze.

>Diamond Tiara was looking at her, staring.

>The bell rang and Sweetie's sneeze was drowned out by the commotion, when she looked up DT was already at the door.

>Morning classes blurred past and Sweetie met up with the crusaders for lunch.

>She needed information.

"Have either of you heard any stories about Diamond Tiara recently? Like from ponies at her other school?"

>Scoots piped up first.

"I know a colt that was on their track team. He found out I went to school with her before, gave me the usual. Bully, arrogant, but then he says in their second semester she just shut down completely."

>Applebloom had heard nothing, but her curiosity had been piqued.

"Why are ya askin?"

>Sweetie went cold, then hot for a moment.

How was the thought of Diamond affecting her like this?

"No reason. It's just that she's in two of my classes and seemed...off."

>The rest of the lunch period was full of pointless banter between the three.

>Sweetie entered the chorus room and looked to DT's seat. Their eyes met. Neither looked away this time, and Sweetie could see a reaction in Diamond.

>Her tail began to twitch, her mouth opened slightly and she sighed.

>Sweetie felt a warmth spread through her.

>The instructor set them at basic vocal exercises, the experienced singers leading the newer ones. Then finished with a short talk.

"And once we've got our leads sorted out we'll pick a selection for the first recital. That will be all for today."

>The bell rang as the words left the older pony's mouth.

>Sweetie Belle moved fast, she needed to talk to Diamond Tiara. They both had lockers in the old wing, it would be impossible to miss her.

>It was raining out. The soundproofing of the chorus room had kept the noise out, but a real downpour was raging.

>The old wing of the school was actually a separate out building, and Sweetie was damp everywhere buy the time she got there. The roof here leaked as well.

>Sweetie moved to the area where the lockers were located. Nothing. She hadn't seen DT leaving the main building the other way though; she had to be in this wing.

"Sweetie Belle..."

>Sweetie turned; Diamond was in a small alcove, a janitorial room.

>She looked at Sweetie for a moment, then spoke.

"Sweetie I have to tell you, when we were younger I didn't really know how to think about you, and seeing you here again I got confused, but I think I know why."

>Diamond closed in on Sweetie

"I like you Sweetie Belle. No, I'm attracted to you."

>Diamond got closer, her breath tickled Sweeties muzzle.

"I don't expect you could forgive me?"

>Sweetie's heart pounded in her chest, she could never have forgiven the Diamond she knew, but this DT was different, softer.

>Still, she couldn't think of the right words. Instead she tilted her head, and kissed Diamond, running her tongue along the pink filly's lips.

"Okay. I guess that works."

>Diamond backed into the alcove, dragging Sweetie Belle with her. The two fillies were cramped in the small room, but personal space wasn't an issue.

>Sweetie moved back against the wall and laid on her back as Diamond slid a hoof between her legs.

>Sweetie gasped and opened her stance, allowing Diamond to move on top of her.

>DT kissed Sweetie hard, pushing her tongue deep into the white pony's mouth, while moving her hoof vigorously at Sweeties crotch.

>Sweetie moaned into Diamond's mouth, struggling to breath. DT pulled away.

"Don't be shy, okay Sweetie?"

>She turned around on top and dropped her head to Sweetie's pussy and began to lap eagerly at it.

>Sweetie stifled a moan, looking up at Diamonds rump; the pink swells were inches away from her face.

>She pushed her muzzle against Diamond's cunt, opening her mouth and sucking at the lips of her former rival.

>Diamond Tiara lowered her hips, sitting her full weight on Sweetie's face, and spread Sweetie's pussy open with her hooves. She shoved her tongue deep into Sweetie and rubbed at her with her hoof.

>Sweetie continued to suck at Diamond, finding her clit she began to flick her tongue over it.

>Both fillies were dripping wet, fully focused on the others pussy and the sensations at their own crotch.

>Small gasps and moans escaped their mouths; Sweetie's hips began to buck up against Diamond's face. Her breath coming in ragged bursts. Sweetie convulsed lightly as she came, her muscles all pulling tight at once.

>Diamond lifted herself off Sweetie for a moment, then slid the white unicorns horn into her cunt deep.

>Sweetie struggled to keep her head angled correctly as Diamond pumped her hips hard and fast.

>DT let out a deep sigh and twitched, Sweetie felt a trickle or warm fluid run down the base of her horn.

>The two fillies lay there for a moment, then looked at each other with the same embarrassed expression.

"No pony hears about this."

>Diamond Tiara cleaned herself up quickly.

"I mean no pony."

>Sweetie Belle composed herself and gathered her things.

"If that's the way you want it to be. Fine."

>They left the alcove and exited the building, rain was still coming down, but Sweetie didn't mind, she could use a shower.

No, I found them BECAUSE of the whole 'get off /b/' thing.

I remember when pony was first getting big getting annoyed that my favoured threads kept getting knocked off early because of the sheer amount of pony lmao, I didn't join till 2014, and it was cause of some completely unrelated stuff that happened... I'm glad things went the way they did tbh or I wouldn't be here now.

>diy

Yeah I directed a couple friends here over the years and been sent there once or twice myself as well for some stuff. it's a good board

I also have tended to avoid /mlp/ over the years but I've found myself posting there a fair bit the last couple months I typically post around on a few of the boards outside of that as well

> when I browsed /mlp/ for the first time, seeing all the content going on in every thread.. it really felt like I'd come home to some place I didn't even know existed yet.

Pretty much exactly how I felt when I first actually tried to post in a pony thread, curiosity as to why everyone didn't hate or throw vitriol everywhere.

>inspired to work on your own stuff

Yeah, as I said earlier, the friends I've made have sincerely improved my quality of life and helped drive me to a better standing in the world.

>sorry about blog posting

Kek, that's all good man. I'm enjoying it.

I want Derpy to give me a blowjob, and yell at her to look at me while she does it, and keep asking her "WHY AREN'T YOU LOOKING AT ME?!"  
Knowing full well she can't look straight ahead with both eyes.  
  
Get in her head, make her feel hurt and confused, and just unload a half gallon of sperm down her throat. while she cries tears of frustration and shame.
